

We Need Your Help!

By filling out the attached survey, you will help ensure that our school district gets the full educational funding it deserves!

In June 2013, Governor Brown signed the Budget Act which changed how schools are funded. Districts will now be funded using a Local Control Funding Formula (LCFF). In the Hesperia Unified School District that means our funding will be based on the following:

- A base grant
- Supplemental and concentration grants based on the percentage of:
 - English learners,
 - Free and reduced-price meal eligible students, and
 - Foster youth, Migrant and Homeless students in the district

Although many students in our district receive free breakfast and lunch, we must ask all parents (regardless of income) to fill out the attached income survey. The State will use the information to determine how much money our district will get for the grants mentioned above. Please complete and return the attached income survey so that our district receives the funding it is entitled to!

If we do not receive a completed survey from all families, our district will lose funding for our students!
