School Accountability Report Card

Reported Using Data from the 2015-16 School Year

Published During 2016-17

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2016-17)

PRINCIPAL'S MESSAGE

I would like to welcome you to Carmel Elementary's Annual School Accountability Report Card (SARC). In accordance with Proposition 98, every school in California is required to issue an annual SARC that fulfills state and federal disclosure requirements. Parents will find valuable information about our academic achievement, professional staff, curricular programs, instructional materials, safety procedures, classroom environment, and condition of facilities.

Carmel Elementary provides a warm, stimulating environment where students are actively involved in learning academics, as well as positive values. Students receive a standards-based, challenging curriculum by dedicated professional staff and based on the individual needs of the students. Ongoing evaluation of student progress and achievement helps us refine the instructional program so students can achieve academic proficiency. We have made a commitment to provide the best educational program possible for Carmel Elementary's students, and welcome any suggestions or questions you may have about the information contained in this report or about the school. Together through our hard work, our students will be challenged to reach their maximum potential.

Carmel Elementary School has received funding to become a Leader in Me School where we teach leadership skills to each of our students based on the 7 Habits of Highly Effective People as taught by Dr. Steven Covey. Each year we train our students to be leaders by teaching them to be proactive (I'm in charge of my words, actions, and choices), begin with the end in mind (have a plan for their life), put first things first (work first then play), think win-win (develop relationships where everyone can win), seek first to understand, then to be understood (listen with your head, your heart, and your ears), synergize (together is better), and sharpen the saw (balance feels best).

SCHOOL MISSION STATEMENT: Carmel Elementary School mission is:

LEADing our students toward greatness with:

- L lifelong learning
- E expectations of excellence
- A countability
- D etermination

SCHOOL VISION STATEMENT:

By sharing and discovering our own voice we will inspire others to find theirs.

SCHOOL PROFILE

Hesperia Unified School District is located in the high desert region of San Bernardino County, approximately 40 miles north of the Ontario/San Bernardino valley. More than 20,000 students in grades kindergarten through twelve receive a rigorous, standards-based curriculum from dedicated and highly qualified professionals. The district is comprised of 15 elementary schools which includes 3 choice schools. At the secondary level Hesperia has 3 middle schools, 3 comprehensive high schools, 1 alternative school, 2 continuation high schools, 1 community day school, and 6 charter schools.

Carmel Elementary is located in the southeast area of Hesperia and serves students in grades transitional kindergarten through six. At the beginning of the 2016-2017 school year, 771 students were enrolled, including 8% in special education, 23% qualifying for English Language Learner (ELL) support, and 74% qualifying for free or reduced-price lunch.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2016-17)

Year and month in which data were collected: October, 2012

All textbooks used in the core curriculum throughout Hesperia Unified School District are aligned to the California Content Standards and Frameworks. Instructional Materials for grades K-8 are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. Instructional materials for grades 9-12 are standards-based and approved by the district's Board of Trustees. The district follows the State Board of Education's six-year adoption cycle for core content materials and the eight-year cycle for textbook adoptions in foreign language, visual and performing arts, and health. District textbook review and adoption activities occur the year following the state's adoption. Parents are invited to preview proposed adoptions at the district office for one evening and ten days prior to approval by the school board.

In October, 2012, the Hesperia Unified School District Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution No.2012/13-11 which certifies as required by Education Code section 60119 (1) that textbooks and instructional materials were provided to all students, including English learners in the Hesperia Unified School District to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home to study, (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts, (3) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, and (4) sufficient laboratory science equipment was provided for science laboratory classes offered in grades 9-12, inclusive.

School Facility Conditions and Planned Improvements (Most Recent Year)

SCHOOL FACILITIES AND SAFETY

Carmel Elementary provides a safe, clean environment for learning through proper facilities maintenance and campus supervision. Original facilities were built in 1994; ongoing maintenance and modernization ensure the campus provides adequate space for students and staff. Two portable classrooms and a new student restroom were added to the campus during the 2005-06 school year to accommodate growth in enrollment. The campus is comprised of the following:

Acreage = 10
 Square footage = 60,806
 Number of permanent classrooms = 21
 Number of portable classrooms = 15
 Number of restrooms (student use) = 2 sets (2-boy; 2-girl)
 Computer lab = 1
 Cafeteria = 1
 Library = 1
 Music room = 1 (one of the current existing portable classrooms)
 Outside quad area = 1
 Staff workroom/lounge = 1
 Health office = 1

CAMPUS SUPERVISION As students arrive on campus in the morning, proctors supervise students in the bus and student drop off areas. During recess, teachers are on the playground to monitor behavior and playground activities. At the end of the day, teachers escort students to after-school/on-campus programs, the bus area, and the student pickup area. Teachers and administrators remain in the departure areas to ensure all students have left campus in a safe and orderly manner.

CAMPUS MAINTENANCE

The custodial staff and district's maintenance department work together to ensure playgrounds, classrooms, and campus grounds are well-maintained and kept safe and functioning for students, staff, and visitors. One full-time day custodian, one full-time evening custodian, and one part-time evening custodian are assigned to Carmel Elementary and work closely with the principal and assistant principal for routine maintenance, daily custodial duties, and special events. The principal and custodians communicate daily and follow weekly and monthly schedules for cleaning, maintenance, and special projects/events preparation. The Day Lead Custodian meets with the principal every Monday morning in a regularly scheduled office meeting. Every morning before school begins the day custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. Any graffiti or signs of vandalism are removed prior to students arriving to school. The evening custodians clean classrooms, desks, and restrooms, and are responsible for set up and take down of equipment and/or furniture for afternoon and evening events, and other projects as needed.

Carmel Elementary works closely with the district's Maintenance and Operations (M & O) for larger projects, routine facilities maintenance projects, and school inspections. Maintenance and Operations employs a work order process that enables Carmel Elementary to communicate unscheduled maintenance needs, urgent repairs, or special projects. Emergency situations are regularly resolved in one hour or less.

The district participates in the State School Deferred Maintenance Program, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Parents are encouraged to volunteer in the classroom, office and library, help with school activities, and get involved in the decision-making process through school committees. The School Site Council (SSC), Parent Teacher Association (PTA), District Advisory Council (DAC), English Language Advisory Council (ELAC), Back-to-School Night, and our brand new program just for dads, Watch D.O.G.S (Dads Of Great Students), or the Fall Festival Committee. For the first time during the 2016-2017 school year Carmel will provide extensive training in parenting by teaching the 7 Habits to use at home through our upcoming parenting classes. Parents who want more information on school activities or committees may contact the principal, assistant principal or the Family Resource Specialist at (760) 947-3188. The staff at Carmel recognize parents in the Spring at our Parent Volunteer event. All school-to-home communication is provided in both English and Spanish. A new monthly family newsletter, the school marquee, fliers, connect-ed calls, and the school website, FaceBook page, and front office tele-marquee help keep parents informed on school events, safety issues, and announcements.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2016-17)

The Comprehensive School Site Safety Plan was developed for Carmel Elementary in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The plan's most recent review and update by school staff took place in 2016. Staff training to discuss staff responsibilities and safety plan updates also took place during the 2016-2017 school year. A copy of the school site safety plan may be obtained at Carmel Elementary's main office or the Hesperia Unified School District office. You may contact our assistant principal, Mr. Richardson for more details.

Professional Development (Most Recent Three Years)

All professional development activities in Hesperia Unified School District revolve around the California State Content Standards and Frameworks and are research-based.

The Certificated staff builds teaching skills and concepts through participation in ongoing training sponsored by the district and school site. During the 2012-13 school year, the district did not provide a staff development buy-back day. Each school site identifies and coordinates its own staff development activities based upon individual student needs, school site plans, and the districts designated focus areas. Supplemental training involving curriculum, teaching strategies, and methodologies in the content areas of reading/language arts and math were provided at site request via Coordinator of Staff Development and Academic Coaches.

Supplemental training topics were selected by the principal, assistant principal, and Staff Council. Training programs and topics were chosen based upon the school focus and student needs. Results for the California Standardized Tests and district benchmark assessments, teacher feedback, and findings from classroom observations help identify areas for improvement and training programs that will enable teachers to deliver a challenging and rigorous standards-based education fostering student success and proficiency.

The district supplements site-level professional development to follow up and support year-round and ongoing programs centered on the district's focus areas of reading and math. Supplemental professional development is offered throughout the school year on early student release days, during summer vacation, and on weekends. Staff development topics and focus areas are identified and selected based upon input from the district's Professional Development Committee, Principals' Roundtable, and teacher survey results. The Professional Development Committee meets four times a year to review student test results from state and district assessments and review teacher survey needs. The Principals' Roundtable provides opportunities for school principals to discuss and share training needs based upon data analysis and classroom observations from each school site.

New teachers receive intensive support and training through the district's Induction Program and New Teachers Academy. For beginning and out-of-state teachers, the district utilized the state Induction Program (formerly known as Beginning Teacher Support and Assessment), a statewide and state-mandated research-based program providing support and skill building through formative assessment and individualized support based on assessment. The New Teachers Academy sponsors three new teacher orientations each year to support year-round hiring practices; the orientation is a comprehensive overview of the district's policies, school law, English language learners support, curriculum, instruction, and grade-level and content area specialties.
