School Accountability Report Card

Reported Using Data from the 2015-16 School Year

Published During 2016-17

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2016-17)

PRINCIPAL'S MESSAGE

I'd like to welcome you to Kingston Elementary's Annual School Accountability Report Card. In accordance with Proposition 98, every school in California is required to issue an annual School Accountability Report Card that fulfills state and federal disclosure requirements. Parents will find valuable information about our academic achievement, professional staff, curriculum programs, instructional materials, safety procedures, classroom environment, and condition of facilities.

Kingston Elementary provides a warm, stimulating environment where students are actively involved in learning academics, as well as, positive values. Students receive a standards-based, challenging curriculum by a dedicated professional staff. In addition, the individual needs of the students are addressed throughout the day. Ongoing evaluation of student progress and achievement helps us refine the instructional program so students can achieve academic proficiency.

We have made a commitment to provide the best educational program possible for Kingston Elementary's students, and welcome any suggestions or questions you may have about the information contained in this report or about the school. Together through our hard work, our students will be challenged to reach their maximum potential.

SCHOOL MISSION STATEMENT

At Kingston Elementary School, we will work as a team to make a positive difference in the lives of children by providing a rich academic and social foundation. Our quest is to inspire students to achieve their goals in order to meet today's challenges and future expectations. Kingston's Mission Statement is "No Less Than Our Best."

SCHOOL PROFILE

Hesperia Unified School District is located in the high desert region of San Bernardino County, approximately 40 miles north of the Ontario/San Bernardino valley. More than 20,000 students in grades transitional kindergarten through twelve receive a rigorous, standards-based curriculum from dedicated and highly qualified professionals. The district is comprised of 15 elementary schools which includes 3 choice schools. At the secondary level Hesperia has 3 middle schools, 3 comprehensive high schools, 1 alternative school, 2 continuation high schools, 1 community day school, and 6 charter schools.

Kingston Elementary is located in the southern area of Hesperia and serves students in grades transitional kindergarten through six. According to recent days, 664 students were enrolled, including 8% special educations, 19% English learner support and 73% qualifying to receive free or reduced meals.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2016-17)

Year and month in which data were collected: October, 2012

All textbooks used in the core curriculum throughout Hesperia Unified School District are aligned to the California Content Standards and Frameworks. Instructional Materials for grades K-8 are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. Instructional materials for grades 9-12 are standards-based and approved by the district's Board of Trustees. The district follows the State Board of Education's six-year adoption cycle for core content materials and the eight-year cycle for textbook adoptions in foreign language, visual and performing arts, and health. District textbook review and adoption activities occur the year following the state's adoption. Parents are invited to preview proposed adoptions at the district office for one evening and ten days prior to approval by the school board.

In October, 2012, the Hesperia Unified School District Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution No.2012/13-11 which certifies as required by Education Code section 60119 (1) that textbooks and instructional materials were provided to all students, including English learners in the Hesperia Unified School District to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home to study, (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts, (3) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, and (4) sufficient laboratory science equipment was provided for science laboratory classes offered in grades 9-12, inclusive.

School Facility Conditions and Planned Improvements (Most Recent Year)

SCHOOL FACILITIES AND SAFETY

Kingston Elementary provides a safe, clean environment for learning through proper facilities maintenance and campus supervision. Original facilities were built in 1990; ongoing maintenance and modernization efforts ensure facilities remain safe and up to date and provide adequate space for students and staff. Throughout the years, portable classrooms have been added to accommodate increased growth in enrollment. The campus is comprised of the following:

Acreage = 10 acreages

Square Footage = 49,690

Number of permanent classrooms = 14

Number of portable classrooms = 20

Number of restrooms (student use) = 3 sets

Computer Lab = 2

Library = 1

Cafeteria/Multipurpose Room = 1

Health Office = 1

Staff Work Room/Lounge = 1

CAMPUS SUPERVISION

Proctors are strategically placed in various areas of the campus for supervision during morning arrival. During recess, teachers are on the playground to monitor student behavior and playground activities. Proctors also provide supervision during lunch recess and monitor both cafeteria and playground activities. Lastly, during end of the day dismissal, teachers monitor designated areas to ensure students leave campus in a safe and orderly manner.

CAMPUS MAINTENANCE

The custodial staff and district's maintenance department work together to ensure playgrounds, classrooms, and campus grounds are well-maintained and kept safe and functioning for students, staff, and visitors. The principal and custodians communicate daily regarding maintenance issues and special projects; hand-held walkie talkies enhance two-way communication efforts and help facilitate an immediate response to emergency situations. One full-time day custodian, one full-time evening custodian, and one half-time evening custodian are assigned to Kingston Elementary and work closely with the principal for routine maintenance, daily custodial duties, and special events. Every morning before school begins, the day custodian inspects facilities for safety hazards and other conditions that need attention prior to students and staff entering school grounds. The day custodian's daily routine includes stocking and cleaning the bathrooms three times a day and cleaning the cafeteria when students have finished breakfast and lunch. The evening custodians clean classrooms, desks, restrooms, and are responsible for set up and take down of equipment and/or furniture for afternoon and evening events.

Kingston Elementary works closely with the district's Maintenance and Operations department (M&O) for larger projects, routine facilities maintenance projects, and school inspections. M&O employs a work order process that enables Kingston to communicate unscheduled maintenance needs, urgent repairs, or special projects. Emergency situations are regularly resolved in one hour or less.

The district participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes maintenance program.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-17)

At Kingston Elementary parents are encouraged to become active members of the school's learning community and assist in its goal to develop independent, self-reliant, lifelong learners. Parents are invited to volunteer in the classrooms, the library and computer lab. All parents are also encouraged to participate in School Site Council, Parent Teacher Club (PTC), English Language Advisory Committee, (ELAC), Title I Advisory Committee, and GATE Advisory (Gifted and Talented Education) Committees. Kingston Elementary staff invites parents to attend and participate in school activities and events, Back to School Night, The 100 Mile Club, Community events such as blood drives, pancake breakfast, holiday performances, Family Fun Night, GATE Family Nights, and awards assemblies, all of which provide many opportunities for parents to interact with school staff while supporting their children. Parents may contact any of the school office staff (760) 244-8869 to obtain more information about volunteering their time and talents.

Parents can find information regarding school activities and announcements on our site website, through Connect Ed messages, school newsletters and school to home flyers which are sent home with students. All communication is provided in both English and Spanish.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2016-17)

The Comprehensive School Site Safety Plan was developed for Kingston Elementary in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The plan's most recent review and update by school staff took place in September, 2015.

Professional Development (Most Recent Three Years)

All professional development activities in Hesperia Unified School District revolve around the California State Content Standards and Frameworks and are research-based.

The Certificated staff builds teaching skills and concepts through participation in ongoing training sponsored by the district and school site. During the 2011-12 school year, the district did not provide a staff development buy-back day. Each school site identifies and coordinates its own staff development activities based upon individual student needs, school site plans, and the districts designated focus areas. Supplemental training involving curriculum, teaching strategies, and methodologies in the content areas of reading/language arts and math were provided at site request via Coordinator of Staff Development and Academic Coaches.

Supplemental training topics were selected by the principal, assistant principal, and Staff Council. Training programs and topics were chosen based upon the school focus and student needs. Results for the California Standardized Tests and district benchmark assessments, teacher feedback, and findings from classroom observations help identify areas for improvement and training programs that will enable teachers to deliver a challenging and rigorous standards-based education fostering student success and proficiency.

The district supplements site-level professional development to follow up and support year-round and ongoing programs centered on the district's focus areas of reading and math. Supplemental professional development is offered throughout the school year on early student release days, during summer vacation, and on weekends. Staff development topics and focus areas are identified and selected based upon input from the district's Professional Development Committee, Principals' Roundtable, and teacher survey results. The Professional Development Committee meets four times a year to review student test results from state and district assessments and review teacher survey needs. The Principals' Roundtable provides opportunities for school principals to discuss and share training needs based upon data analysis and classroom observations from each school site.

New teachers receive intensive support and training through the district's Induction Program and New Teachers Academy. For beginning and out-of-state teachers, the district utilized the state Induction Program (formerly known as Beginning Teacher Support and Assessment), a statewide and state-mandated research-based program providing support and skill building through formative assessment and individualized support based on assessment. The New Teachers Academy sponsors three new teacher orientations each year to support year-round hiring practices; the orientation is a comprehensive overview of the district's policies, school law, English language learners support, curriculum, instruction, and grade-level and content area specialties.
