## School Accountability Report Card

### Reported Using Data from the 2015-16 School Year

#### Published During 2016-17

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### School Description and Mission Statement (School Year 2016-17)

#### PRINCIPAL'S MESSAGE

I'd like to welcome you to Mesquite Trails Elementary's Annual School Accountability Report Card. In accordance with Proposition 98, every school in California is required to issue an annual School Accountability Report Card that fulfills state and federal disclosure requirements. Parents will find valuable information about our academic achievement, professional staff, curriculum programs, instructional materials, safety procedures, classroom environment, and condition of facilities.

Mesquite Trails Elementary provides a warm, stimulating environment where students are actively involved in learning academics, as well as, positive values. Students receive challenging curriculum by dedicated professional staff and based on the individual needs of the students. Ongoing evaluation of student progress and achievement helps us refine the instructional program so students can achieve academic proficiency. We have made a commitment to provide the best educational program possible for Mesquite Trails Elementary's students, and welcome any suggestions or questions you may have about the information contained in this report or about the school. Together through our hard work, our students will be challenged to reach their maximum potential.

#### SCHOOL MISSION STATEMENT

The mission of Mesquite Trails Elementary is to inspire and educate a school of leaders and learners to reach their full potential in a safe and positive environment.

#### SCHOOL PROFILE

Hesperia Unified School District is located in the high desert region of San Bernardino County, approximately 40 miles north of the Ontario/San Bernardino valley. More than 21,000 students in grades kindergarten through twelve receive a rigorous, standards-based curriculum from dedicated and highly qualified professionals. The district is comprised of 15 elementary schools which includes 3 choice schools. At the secondary level Hesperia has 3 middle schools, 3 comprehensive high schools, 1 alternative school, 2 continuation high schools, 1 community day school, and 6 charter schools.

Mesquite Trails Elementary is located in the Oak Hills area of Hesperia and serves students in grades transitional kindergarten through sixth. At the beginning of the 2014-2015 school year, just above 900 students were enrolled, including 7.5 % in special education, 13 % qualifying for English learner support, and 57.16% receiving free or reduced-price meals. Mesquite Trails Elementary achieved a 2012-13 Academic Performance Index (API) score of 829. There was no official testing results for the 2013-2014 or 2014-2015 school year.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

### Teacher Credentials

<b>Low-Poverty Schools in District</b>	0.0	0.0

Note: High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 39 percent or less in the free and reduced price meals program.

**Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2016-17)**

**Year and month in which data were collected:** October, 2012

All textbooks used in the core curriculum throughout Hesperia Unified School District are aligned to the content standards. Instructional Materials for grades K-8 are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. Instructional materials for grades 9-12 are common core-based and approved by the district's Board of Trustees. The district follows the State Board of Education's six-year adoption cycle for core content materials and the eight-year cycle for textbook adoptions in foreign language, visual and performing arts, and health. District textbook review and adoption activities occur the year following the state's adoption. Parents are invited to preview proposed adoptions at the district office for one evening and ten days prior to approval by the school board.

In October, 2012, the Hesperia Unified School District Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution No.2012/13-11 which certifies as required by Education Code section 60119 (1) that textbooks and instructional materials were provided to all students, including English learners in the Hesperia Unified School District to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home to study, (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts, (3) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, and (4) sufficient laboratory science equipment was provided for science laboratory classes offered in grades 9-12, inclusive.

**School Facility Conditions and Planned Improvements (Most Recent Year)**

**SCHOOL FACILITIES AND SAFETY**

Mesquite Trails Elementary provides a safe, clean environment for learning through proper facilities maintenance and campus supervision. Original facilities were built in 1998; ongoing maintenance and modernization efforts ensure facilities remain safe and up to date and provide adequate space for students and staff. Throughout the years, portable classrooms have been added to accommodate increased growth in enrollment. The campus is comprised of the following:

Acreage = 10.6

Square Footage = 56,966

Number of permanent classrooms = 22

Number of portable classrooms = 18

Number of restrooms (student use) = 5 sets  
 Computer Lab = 1  
 Library = 1  
 Cafeteria= 1  
 Music Room = 1  
 Health Office = 1  
 Staff Work Room/Lounge = 1

**CAMPUS SUPERVISION**

Seven proctors, strategically placed in various areas of the campus, supervise students as they enter school grounds. Seven proctors provide supervision during the lunch recess; two proctors are stationed in the cafeteria and 3-5 supervise playground activities depending upon the time of day. At the end of the day, teachers, and school administrators monitor designated areas to ensure students leave campus in a safe and orderly manner.

**CAMPUS MAINTENANCE**

The custodial staff and district's maintenance department work together to ensure playgrounds, classrooms, and campus grounds are well-maintained and kept safe and functioning for students, staff, and visitors. The administrators and custodians communicate daily regarding maintenance issues and special projects; hand-held walkie talkies facilitate an efficient communication system and an immediate response to emergency situations. Once a month, the administrators meet with the custodians and school office staff to discuss routines, upcoming events, and departmental needs.

One full-time day custodian and two full-time evening custodians are assigned to Mesquite Trails Elementary and work closely with the assistant principal for routine maintenance, daily custodial duties, and special events. Every morning before school begins, the day custodian inspects facilities, ground areas, and school's perimeter for safety hazards and other conditions that need attention prior to students and staff entering school grounds. The evening custodians clean classrooms, desks, restrooms, school office and whiteboards, and are responsible for set up and take down of equipment and/or furniture for after-school meetings and evening events.

Mesquite Trails Elementary works closely with the district's Maintenance and Operations department (M&O) for larger projects, routine facilities maintenance projects, and school inspections. M&O employs a work order process that enables Mesquite Trails Elementary to communicate unscheduled maintenance needs, urgent repairs, or special projects. Emergency situations are regularly resolved in one hour or less.

**B. Pupil Outcomes**

**State Priority: Pupil Achievement**

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the Other Pupil Outcomes State Priority (Priority 8):

- Pupil outcomes in the subject areas of physical education.

### California Physical Fitness Test Results (School Year 2015-16)

Grade Level	Percent of Students Meeting Fitness Standards

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

#### Opportunities for Parental Involvement (School Year 2016-17)

Parents are encouraged to volunteer in the classroom, library and school office, participate in school activities, and get involved in the decision-making process through school committees. School Site Council, Meet the Teacher Night, Back to School Night, English Language Advisory Committee, after-school programs and the Mesquite Trails Parent Club (MTPC) are great ways to get involved. Parents are kept informed of school activities through classroom/school newsletters, the school marquee, Blackboard Connect phone calls, our Facebook page, and the school website. In addition to these forms of communication, the school administrators provide monthly updates about the school at every MTPC meeting. The school website features current events, helpful hints for parents, suggestions for parent involvement and academic resources. Some teachers prepare weekly newsletters informing parents about classroom activities, upcoming programs, homework, and current areas of study. School administrators use Blackboard Connect, an automated telephone message system, to quickly contact parents at home for important information about school programs, committees, adult classes, or volunteering. Parents may contact their child's teacher or the school office at (760) 949-3149; parents who wish to volunteer should request a parent volunteer form and are required to obtain school board clearance.

### State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

#### Suspensions and Expulsions

<b>Expulsions</b>	0.0	0.2	0.0	0.3	0.4	0.3	0.1	0.1	0.1

#### School Safety Plan (School Year 2016-17)

The Comprehensive School Site Safety Plan was developed for Mesquite Trails Elementary in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The plan's most recent review and update by school staff took place in January 2016. A copy of the school site safety plan may be obtained at Mesquite Trails Elementary's main office or the Hesperia Unified School District office.

**Professional Development (Most Recent Three Years)**

All professional development activities in Hesperia Unified School District revolve around State Standards.

The Certificated staff builds teaching skills and concepts through participation in ongoing training sponsored by the district and school site. During the 2014-15 school year, the district did not provide a staff development buy-back day. Each school site identifies and coordinates its own staff development activities based upon individual student needs, school site plans, and the districts designated focus areas. Supplemental training involving curriculum, teaching strategies, and methodologies in the content areas of reading/language arts and math were provided at site request via Coordinator of Staff Development and Academic Coaches.

Supplemental training topics were selected by the principal, assistant principal, leadership team, and Staff Council. Training programs and topics were chosen based upon the school focus and student needs. Results from the district single assessments, common formative assessments, teacher feedback, and findings from classroom observations help identify areas for improvement and training programs that will enable teachers to deliver a challenging and rigorous standards-based education fostering student success and proficiency.

The district supplements site-level professional development to follow up and support year-round and ongoing programs centered on the district's focus areas of reading and math. Supplemental professional development is offered throughout the school year on early student release days, during summer vacation, and on weekends. Staff development topics and focus areas are identified and selected based upon input from the district's Professional Development Committee, Principals' Roundtable, and teacher survey results. The Professional Development Committee meets four times a year to review student test results from district assessments and review teacher survey needs. The Principals' Roundtable provides opportunities for school principals to discuss and share training needs based upon data analysis and classroom observations from each school site.

New teachers receive intensive support and training through the district's Induction Program and New Teachers Academy. For beginning and out-of-state teachers, the district utilized the state Induction Program (formerly known as Beginning Teacher Support and Assessment), a statewide and state-mandated research-based program providing support and skill building through formative assessment and individualized support based on assessment. The New Teachers Academy sponsors three new teacher orientations each year to support year-round hiring practices; the orientation is a comprehensive overview of the district's policies, school law, English language learners support, curriculum, instruction, and grade-level and content area specialties.
