1 To use this option, members must select a personal physician who is affiliated with a medical group or IPA that is an Access+ provider group, which offers the Access+ Specialist feature. Members should then select a specialist within that medical group or IPA.

2 For Plans with a facility deductible amount, services with a day or visit limit accrue to the calendar year day or visit limit maximum regardless of whether the plan deductible has been met.

3 Inpatient skilled nursing services are limited to 100 preauthorized days during a benefit period except when received through a hospice program provided by a participating hospice agency. This 100 preauthorized day maximum on inpatient skilled nursing services is a combined maximum between skilled nursing services provided in a hospital unit and skilled nursing services provided in a skilled nursing facility (SNF).

4 Mental health and substance use disorder services are accessed through Blue Shield's Mental Health Service Administrator (MHSA) - using MHSA participating providers.

5 Inpatient services for acute detoxification are covered under the medical benefit; see the Hospital Benefits (Facility Services) section of the *Evidence of Coverage* for benefit details. Services for acute medical detoxification are accessed through Blue Shield using Blue Shield's participating providers.

Plan designs may be modified to ensure compliance with state and Federal requirements.
